

March 1, 2018

Dear Sir/Madam,

Thank you very much for your interest in supporting our organization.

Since our establishment in January 2014, we have been developing the support network of the healthcare and educational needs of the Japanese and Japanese-Canadian communities in major Canadian metropolitan areas. On July 18, 2017, the Canadian federal government recognized our efforts; JAMSNET-Canada became a non-profit corporation and a registered charity.

Working collaboratively with other JAMSNET organizations around the world, our objective is to improve the overall wellbeing of the people in the Japanese and Japanese Canadian communities in Canada. Currently, in order to improve the access to medical and healthcare needs of these communities, we are focusing on the following 3 major areas of activities:

1. Health education, especially in the area of mental health
2. Personalized support of individuals with serious physical and/or psychological issues, such as domestic violence, substance use problems, etc.
3. Financial assistance of students who are seeking Canadian accreditation of their medical and healthcare training and education received in Japan

Your donation will let us continue our work in the community. Please consider sending us a cheque along with the attached membership registration form today. An official tax receipt will be issued and mailed to you promptly.

Thank you for your generosity in advance. We look forward to hearing from you.

Sincerely,

A handwritten signature in black ink that reads 'Kiyoshi Dembo'. The signature is written in a cursive, flowing style.

Kiyoshi Dembo
Chairperson, JAMSNET-Canada
